

Certificate of Analysis
for
Common Female Ancestor Testing

This certifies that the Mitochondrial DNA of

Jane Doe

has been tested and the following haplotype profile was identified:

Haplotype U2

Table 1: The results of mtDNA sequencing of hypervariable region I.

	16051	16129	16183	16189	16222	16362	16519
Cambridge Reference Sequence	A	G	A	T	C	T	T
Jane Doe	G	C	C	C	T	C	C

Table 2: The results of mtDNA sequencing of hypervariable region II.

	73	152	217	263
Cambridge Reference Sequence	A	T	T	A
Jane Doe	G	C	C	G

Case Number #: 23012-11, S039960

Date of Certification: August 30, 2004
